

CAMBRIDGE COMMUNITY LIBRARY

COVID UPDATES 10/23/2020

- Our drive through window service is open to pick up materials. We will continue to help you with this over the phone, 423-3900 or via e-mail to dir@cambridgelib.org if you need help. Please remember that materials on your record that say they are "in transit" once they arrive here they have to be quarantined.
- Please bring your faxes, copies, and print requests to the drive thru window and we will be glad to help you.
- Our WI-FI patio and free WI-FI capabilities will continue to be open. Need a computer? Ask about borrowing our laptop to use outside the library.
- Please call 423-3900 to set-up an appointment to use the laptop. There will be a one hour limit in your car, in the parking lot.
- Available for immediate check-out will be high-demand and new materials in a variety of formats. Pre-selected Grab Bag style stacks of picture books, juvenile fiction and non-fiction and YA materials will be available to check
- No charge for rental items at this time.
- Returning to normal 28, 14, and 7 day due dates. No fines will be charged for late items due to having to be quarantined.

Precautionary measures being taken currently

Due to the resurgence of the virus in our area, we have gone back to drive-up services only.

We will be consistently reviewing our procedures and how things are working and may make adjustments as needed.

WE THANK YOU FOR YOUR BUSINESS!
